CHICAGO LOOP STORE
10-12 W. RANDOLPH ST.

Dear Friend:

March 17, 1927

We are placing at this time about seventy-five percent of our orders for fall bulbs with our representatives in Holland and Japan, at field prices. If you have already placed your order for same with us you can feel assured that it will have careful attention and the stocks will be invoiced at the proper rates. However, if you have not placed this business and would like to do so now at open prices, we will be glad to book your order and let you enjoy the many advantages that our customers enjoy in placing these orders early and at open prices.

The advantage of buying at field prices, for cash, in large quantities is easily understood, and we pass this advantage on to our customers who place their orders early. In selecting and inspecting the bulbs delivered to us we act as your agent, and assure you of the highest quality. We demand and get the pick of the crop, after which the left-overs are disposed of by auction or to small importers who buy on long credit.

Remember, we make our prices f. o. b. Chicago, New York, San Francisco or Seattle, and in our prices we include cases, packing, and all miscellaneous charges which are often added to the freight bills without your knowledge, and which have a bearing on your laid down cost.

Our sources of supply for Paper White Narcissi and Dutch Daffodils, in addition to our own stocks grown on our own farms, are the best, and we know the customers who had these bulbs from us last year are well satisfied because of the numerous testimonials we have had from them.

Tulip and Lilium Giganteum bulbs will be cheaper this year, and you should increase your orders.

Write us at once about your needs and let us take steps to protect you.

Yours very truly,

VAUGHAN'S SEED STORE

P.S. DON'T OVERLOOK THIS BARGAIN:

For orders received within 30 days from customers who receive this letter we will allow a discount of 5 percent in addition to the markdown already made in the following prices:

Vaughan's Sunshine Aster

MAR 9 1927

ASTER THE SUNSHINE. Improved Anemone Flowered

ONE OF the most attractive varieties. Some of the flowers have twisted petals and some have quilled petals; all have a cushion center of tiny quills of a contrasting color which makes a flower look as if it was covered with snowflakes. The blue flowers are dotted with a paler blue and some in white, and the rose in a lighter shade of pink or white. Their delicate beauty is hard to describe. A wonderful cut-flower variety, borne on long, stiff stems, and the flowers last a long time after cutting.

This type of Aster was introduced by an English seedhouse several years ago, and later exploited by one of the Chicago private gardeners. We sent stock seed to a German seed grower, and he succeeded not only in selecting two more colors (white and lilac) but also eliminated a large percentage of single flowers from this strain, besides breeding the strain to a flat center, away from the anemone-quilled type.

Sunshine, White, Light Blue, Dark Blue, Pink and Lilac. Each, trade pkt. (about 1,000 seeds) 50c
Sunshine Aster, Mixed. The above and others, trade pkt. (about 2,000 seeds) ... 50c
 For complete list of Asters see our Spring Book for Florists.
